

BHARAT CHANDRU POOJARI

Full Stack Developer | Node.js & React.js | AI Integration

Sirsi, Karnataka, India – 581358 | 8073750997 | bharatp0316@gmail.com

PROFESSIONAL SUMMARY

Detail-oriented BCA graduate with a strong foundation in full-stack web development, skilled in building and deploying responsive applications with Node.js, Express.js, React.js, MongoDB, and MySQL. Completed a Prompt Engineering internship at ProEdge Learning, gaining hands-on experience integrating Large Language Models (LLMs) and AI capabilities into Node.js applications. Proven ability to design RESTful APIs, optimize application performance, and deliver clean, scalable code across six independently built full-stack and AI-powered projects. Seeking an entry-level Full Stack Developer or Node.js Developer role to contribute technical skill, curiosity, and a strong problem-solving mindset.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), PHP, Python, C
- **Frontend:** React.js, HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Web Design
- **Backend:** Node.js, Express.js, RESTful APIs
- **Databases:** MongoDB, MySQL
- **AI & Prompt Engineering:** Prompt Engineering, Large Language Models (LLMs), AI Integration
- **Tools & Version Control:** Git, GitHub, VS Code, Postman, Figma, Docker (Basic), Firebase (Basic)
- **Soft Skills:** Problem Solving, Critical Thinking, Teamwork, Communication, Time Management, Adaptability, Leadership

EDUCATION

Bachelor of Computer Applications (BCA) <i>JMJ BCA College, Chipgi, Sirsi – 581401 Karnataka University, Dharwad CGPA: 9.02/10</i>	2023 – 2026
Pre-University Course (PUC) <i>Shree Marikamba Government PU College, Sirsi Karnataka State Board Percentage: 87.3%</i>	2021–2023
Secondary School Leaving Certificate (SSLC) <i>Surya Narayana High School, Bisalakoppa, Sirsi Karnataka State Board Percentage: 93%</i>	2018–2021

INTERNSHIP EXPERIENCE

- Prompt Engineering Intern – ProEdge Learning, A VisionPro Ventures Pvt. Ltd.** March 2026 – May 2026
- Applied AI and prompt engineering techniques to support development of Node.js-based web applications and websites.
 - Designed and refined prompts for Large Language Models (LLMs) to improve the quality and reliability of AI-generated outputs.
 - Assisted in integrating AI features into web applications to automate tasks and enhance user experience.
 - Collaborated with the development team to test, evaluate, and optimize AI-assisted workflows, improving development efficiency and strengthening Node.js and AI-integration skills.

PROJECTS

- Furniqo – Premium Furniture E-commerce Platform**
React.js, Node.js, Express.js, MongoDB, Three.js, Tailwind CSS, Vite, Zustand, REST APIs
- Built a responsive full-stack e-commerce application on the MERN stack with interactive 3D product visualization using Three.js.
 - Implemented shopping cart, wishlist, product search, and order management with RESTful APIs and optimized state management.
 - GitHub: github.com/bharat-poojari/Furniqo | Live: the-furniqo.vercel.app

OffyAI – Offline AI Programming Assistant

Python, LLM (Qwen2.5), Machine Learning, HTML, CSS, JavaScript

- Built an offline AI-powered programming assistant using a fine-tuned LLM to deliver accurate, privacy-focused coding guidance without internet access.
- Designed an intuitive interface for programming queries and code explanations, optimized for lightweight execution on standard hardware.
- GitHub: github.com/bharat-poojari/offyai

PrimeNews – Real-Time News Portal

React.js, Vite, Tailwind CSS, REST APIs, Zustand

- Developed a responsive React application aggregating real-time news from multiple APIs with fallback mechanisms, category filtering, and search.
- Implemented bookmarks and infinite scrolling; optimized performance through caching, lazy loading, and code splitting with light/dark theme support.
- GitHub: github.com/bharat-poojari/PrimeNews | Live: the-prime-news.vercel.app

CodePolish – VS Code Extension

TypeScript, Node.js, VS Code Extension API, JavaScript

- Developed and published a VS Code extension that beautifies and minifies source code across multiple languages, with automatic language detection.
- Added keyboard shortcuts and command palette integration to streamline developer workflow while preserving syntax and functionality.
- GitHub: github.com/bharat-poojari/codepolish | Marketplace: [VS Code Marketplace](https://marketplace.visualstudio.com/items?itemName=bharat-poojari.codepolish)

Personal Portfolio Website

HTML5, CSS3, JavaScript, Vercel

- Designed and developed a responsive developer portfolio with interactive project showcase, dark/light theme, and smooth animations; optimized for SEO and performance.
- GitHub: github.com/bharat-poojari/Bharat-Portfolio | Live: bharat-poojari.vercel.app

CERTIFICATIONS

- Prompt Engineering – Web Development, ProEdge Learning (June 2026)
- Frontend Developer Certification, SIDH & Reliance Foundation Skilling Academy (July 2025)
- IoT Network Specialist, SIDH & Reliance Foundation Skilling Academy (July 2025)

ACHIEVEMENTS

- Maintained a CGPA of 9.02/10 throughout the Bachelor of Computer Applications (BCA) program.
- Independently developed and deployed six full-stack and AI-powered applications, including an offline AI assistant, a 3D e-commerce platform, and a published VS Code extension.
- Completed a Prompt Engineering – Web Development internship at ProEdge Learning, A VisionPro Ventures Pvt. Ltd.

ADDITIONAL INFORMATION

- **Relevant Coursework:** Data Structures and Algorithms, DBMS, Operating Systems, Computer Networks, Software Engineering, OOP, Web Technologies, Computer Organization and Architecture
- **Languages:** Kannada (Native), English (Professional Working Proficiency), Hindi (Intermediate)
